

CINDERELLA An Italian Story... - Technical Specifications

Part of the Contract

Stage

Please send a floor plan and section of the theater

Minimum stage dimensions: 12m x 12m in depth (or specify alternative)

Black masking, black ceilings, at least 5 wings on each side (or specify alternative)

White PVC backdrop for lighting and projection.

Backdrop must be mounted taut without wrinkles.

Reflective white backdrop behind the PVC

Stage must be wooden, without gaps or imperfections, level across the entire surface.

Black PVC dance floor covering (danceable area) to be laid out upon arrival of the company, with matching black gaffer tape. Stage must be free of all obstructions upon arrival of the company

Materials mounted as per the company's specifications

Direction

Sound and lighting control positioned at the front, preferably at the back of the room or another location from which the entire stage can be seen.

Electrical Requirements

Minimum 50 kW

Lighting

Provided by the organizer

The organizer will provide the lighting equipment as per the company's lighting plan and preferably mounted as per the provided plan. The lighting plan has been prepared with ideal materials; any modifications or adjustments should be made in agreement with the company.

Audio

Provided by the organizer

A PA system suitable for the venue's needs

Minimum 4 stage monitors

1 audio mixer with PC connection

4 Intercom stations: audio control, lighting, stage right & left

Video Projector Provided by the organizer

Projector, positioned frontally in an American setup, with a lens wide enough to cover the entire PVC backdrop.

Minimum required brightness: 8,000 ANSI Lumens (see stage dimensions)

HDMI connection cable

Technical Staff

Provided by the organizer

1 stage manager

Adequate staff (for setup, performance, and teardown)

1 operator at the organizer's console

The work plan will be agreed upon with the organizer

Dressing Rooms

Sufficient to accommodate 12 people, with showers, mirrors, makeup tables, divided into: 10 dancers, 1 technical staff member, and 1 company manager. Adequate natural mineral water for the entire company.

Other Requirements

An ironing board with a steam iron is required.

The organization must provide any necessary permits for circulation and/or parking. Report any difficulties or obstructions for loading/unloading materials. Additionally, please communicate any issues or other concerns to the company in advance.

Contact Details

The company travels with its own lighting technician.

Company Manager: Claudio Ronda, cell. 3298369237

Setup Manager: Gianluca Quaglio, cell. 3393367035

Any changes will be communicated to the organizer in a timely manner.
